**Sustainable Jersey** is a network and movement of municipalities, schools and school districts working collectively to bring about a sustainable New Jersey. Acting with state agencies, non-profit organizations, foundations, academia and industry, Sustainable Jersey researches best practices for what communities could and should do to contribute to a sustainable future.

In order to adhere to current public health standards and social distancing guidelines, they have cancelled the June 12 Sustainability Summit in Holmdel. Instead, they have developed four weeks of FREE virtual "Summit-like" content, including online educational sessions, social "happy hours," and 30 minute talks on a variety of topics.

### **Sessions, Talks, and Happy Hour Schedule**
